APPENDIX F: CSPT EXAM MEDICATIONS LIST

- CSPT Exam Medications List

APPENDIX F: CSPT EXAM MEDICATIONS LIST

CSPT Exam Medications List

A	B

acetaminophen injection	<i>bendamustine HCl injection</i>
acetazolamide sodium injection	betamethasone sodium phosphate/betamethasone acetate injection
acetic acid irrigant	<i>bevacizumab injection</i>
acetylcysteine injection	<i>bivalirudin injection</i>
acyclovir sodium injection	<i>bleomycin sulfate injection</i>
adalimumab	<i>bupivacaine injection (HCl and liposomal)</i>
<i>adenosine injection</i>	
albumin human injection	
allopurinol injection	
alprostadil	
alteplase recombinant injection	
amikacin sulfate injection	
amino acid injection (general formulations)	
aminophylline (theophylline ethylenediamine) injection	
<i>amiodarone HCl injection</i>	
<i>amphotericin B cholesteryl sulfate complex</i>	
<i>amphotericin B deoxycholate injection</i>	
<i>amphotericin B lipid complex</i>	
<i>amphotericin B liposome</i>	
ampicillin injection	
ampicillin sodium/sulbactam sodium injection	
antithymocyte globulin (rabbit) injection	
<i>argatroban injection</i>	
<i>asparaginase injection</i>	
<i>atracurium besylate injection</i>	
atropine sulfate injection	
<i>azathioprine sodium injection</i>	
azithromycin injection	
aztreonam injection	

C**D**

calcium chloride injection	<i>dacarbazine injection</i>
calcium gluconate injection	<i>dactinomycin injection</i>
carbamazepine injection	<i>daptomycin injection</i>
<i>carboplatin injection</i>	<i>daunorubicin citrate liposomal injection</i>
caspofungin acetate injection	<i>daunorubicin HCl injection</i>
cefazolin sodium injection	<i>deferoxamine mesylate injection</i>
cefepime HCl injection	<i>dexamethasone sodium phosphate injection</i>
cefotaxime sodium injection	<i>dexmedetomidine HCl injection</i>
cefotetan disodium injection	<i>dextrose injection</i>
cefoxitin sodium injection	<i>diazepam injection</i>
ceftazidime injection	<i>digoxin injection</i>
ceftriaxone sodium injection	<i>dihydroergotamine mesylate injection</i>
cefuroxime sodium injection	<i>diltiazem HCl injection</i>
chloramphenicol sodium succinate injection	<i>dimercaprol injection</i>
chlorpromazine HCl injection	<i>diphenhydramine HCl injection</i>
ciprofloxacin injection	<i>dobutamine HCl injection</i>
<i>cisplatin injection</i>	<i>docetaxel injection</i>
clindamycin phosphate injection	<i>dopamine HCl injection</i>
<i>cyclophosphamide injection</i>	<i>doxorubicin HCl injection (conventional and liposomal)</i>
<i>cyclosporine injection</i>	<i>doxycycline hydiate injection</i>
<i>cytarabine injection (conventional and liposomal)</i>	

E**F**

enalaprilat injection <i>enoxaparin sodium injection</i> ephedrine sulfate injection <i>epinephrine injection</i> epoetin alfa recombinant (erythropoietin) injection <i>epoprostenol sodium injection</i> <i>eptifibatide injection</i> ertapenem sodium injection estradiol cypionate injection <i>etoposide injection</i>	famotidine injection fat emulsion intravenous <i>fentanyl citrate injection</i> filgrastim injection fluconazole injection <i>fludarabine phosphate injection</i> flumazenil injection <i>fluorouracil injection</i> fluphenazine injection folic acid injection fomepizole injection <i>fondaparinux sodium injection</i> foscarnet sodium injection fosphenytoin sodium injection furosemide injection
G	H
<i>gadoterate meglumine injection</i> ganciclovir sodium injection <i>gemcitabine HCl injection</i> gentamicin sulfate injection glucagon injection	haloperidol decanoate injection haloperidol lactate injection <i>heparin sodium injection</i> hydralazine HCl injection hydrocortisone sodium succinate injection <i>hydromorphone HCl injection</i> hydroxocobalamin injection
I	K

<p><i>ibuprofen injection</i></p> <p><i>ifosfamide injection</i></p> <p><i>imipenem/cilastatin sodium injection</i></p> <p><i>infliximab injection</i></p> <p><i>insulin aspart</i></p> <p><i>insulin degludec</i></p> <p><i>insulin degludec and aspart</i></p> <p><i>insulin detemir</i></p> <p><i>insulin glargine</i></p> <p><i>insulin glulisine</i></p> <p><i>insulin isophane (NPH)</i></p> <p><i>insulin isophane (NPH) and regular</i></p> <p><i>insulin lispro</i></p> <p><i>insulin regular</i></p> <p><i>interferon alfa-2b</i></p> <p><i>interferon alfa-n3</i></p> <p><i>iohexol injection</i></p> <p><i>irinotecan injection (HCl and liposomal)</i></p> <p><i>iron dextran injection</i></p> <p><i>isoniazid injection</i></p> <p><i>isoproterenol HCl injection</i></p>	<p><i>ketamine HCl injection</i></p> <p><i>ketorolac tromethamine injection</i></p>
L	M

labetalol HCl injection leucovorin calcium injection leuprolide acetate injection levofloxacin injection levothyroxine sodium injection <i>lidocaine HCl injection</i> <i>lidocaine HCl/epinephrine injection</i> lorazepam injection	<i>magnesium sulfate injection</i> mannitol injection medroxyprogesterone acetate injection <i>meperidine HCl injection</i> meropenem injection <i>methadone HCl injection</i> <i>methotrexate injection</i> methyldopate HCl injection methylene blue injection methylprednisolone acetate injection metoclopramide HCl injection <i>metoprolol tartrate injection</i> metronidazole injection <i>midazolam HCl injection</i> <i>milrinone lactate injection</i> <i>morphine injection (sulfate and liposomal)</i> moxifloxacin HCl injection multivitamins parenteral (MVI) <i>mycophenolate mofetil HCl injection</i>
N	O
nafcillin sodium injection naloxone HCl injection natalizumab injection neostigmine methylsulfate injection nitroglycerin injection <i>nitroprusside sodium injection</i> <i>norepinephrine bitartrate injection</i>	octreotide acetate injection ondansetron HCl injection oxacillin sodium injection <i>oxaliplatin injection</i> <i>oxytocin injection</i>
P	Q

<i>paclitaxel injection (conventional and protein-bound)</i>	quinupristin/dalfopristin injection
<i>pancuronium bromide injection</i>	
<i>pantoprazole sodium injection</i>	
<i>pegaspargase injection</i>	
<i>peginterferon alfa-2a</i>	
<i>peginterferon alfa-2b</i>	
<i>penicillin G benzathine</i>	
<i>penicillin G potassium</i>	
<i>penicillin G procaine</i>	
<i>pentobarbital sodium injection</i>	
<i>pentostatin injection</i>	
<i>phenobarbital sodium injection</i>	
<i>phenylephrine HCl injection</i>	
<i>phenytoin sodium injection</i>	
<i>phytonadione (vitamin K) injection</i>	
<i>piperacillin sodium/tazobactam sodium injection</i>	
<i>potassium acetate injection</i>	
<i>potassium chloride injection</i>	
<i>potassium phosphate injection</i>	
<i>procainamide HCl injection</i>	
<i>prochlorperazine edisylate injection</i>	
<i>progesterone injection</i>	
<i>promethazine HCl injection</i>	
<i>propofol injection</i>	
<i>propranolol HCl injection</i>	
<i>protamine sulfate injection</i>	
<i>pyridostigmine bromide injection</i>	

R

S

<i>ranitidine injection</i>	scopolamine (hyoscine) hydrobromide injection
<i>reteplase recombinant injection</i>	sodium acetate injection
<i>rifampin injection</i>	<i>sodium chloride injection</i>
<i>risperidone injection</i>	sodium ferric gluconate complex injection
<i>rituximab injection</i>	sodium lactate injection
<i>rocuronium bromide injection</i>	sodium nitrate/sodium thiosulfate injection sodium phosphate injection <i>succinylcholine chloride injection</i> sulfamethoxazole/trimethoprim injection
T	V
<i>tacrolimus injection</i>	valproate sodium injection
<i>tenecteplase recombinant injection</i>	vancomycin HCl injection
<i>testosterone injection</i>	<i>vasopressin injection</i>
<i>theophylline injection</i>	<i>vecuronium bromide injection</i>
<i>tobramycin injection</i>	<i>verapamil HCl injection</i>
<i>trace elements combinations injection</i>	<i>vinblastine sulfate injection</i>
<i>tranexamic acid injection</i>	<i>vincristine sulfate injection (and liposome)</i>
<i>trastuzumab injection</i>	<i>vinorelbine tartrate injection</i>
<i>tuberculin purified protein derivative injection</i>	voriconazole injection
W	Z
<i>warfarin sodium injection</i>	zinc sulfate injection ziprasidone mesylate injection

Italicized drugs are included on ISMP's List of High-Alert Medications in Acute Care, Community and Ambulatory Healthcare, and Long-Term Care (LTC) Settings.
